SECTION XIII – THE CITY OF NEW YORK’S EMPLOYEE ASSISTANCE PROGRAMS

The City of New York offers its employees and their dependents a helping hand through a network of Employee Assistance Programs (listed below). The network of Employee Assistance Programs (EAPs) are staffed by professional counselors who can help employees and their eligible dependents handle problems in areas such as stress, alcoholism, drug abuse, mental health, and family difficulties. An EAP will provide education, information, counseling and individualized referrals to assist with a wide range of personal or social problems.

Communication with an Employee Assistance Program is private, privileged and strictly confidential. No information will be shared with anyone at any time without your written consent. More information can be found on our website on www.nyc.gov/eap. If you do not have an EAP in your agency or union, you can call the New York City Employee Assistance Program (NYC EAP) at (212) 306-7660 or e-mail us at eap@olr.nyc.gov for additional information.

Employees of the Police and Correction Departments may use their agencies’ EAPs or the New York City EAP for alcohol abuse treatment services. If you wish to use substance abuse treatment services you must self-refer through your health plan.

SECTION XIV – THE EMPLOYEE BLOOD PROGRAM

Your health plan covers the cost of administering transfusions and pays blood processing fees for employees, retirees and eligible family members. It does not pay for the storage of your own blood for future use.

Blood replacement fees are not covered by any health plan offered by the City. To help our community maintain blood reserves the Employee Blood Program sponsors a voluntary donor program for City employees, called the City Donor Corps. City Donor Corps members who donate once a year are entitled to certain benefits for themselves and family members.
